Getting to NASCAR

Suárez's racing career began in 2002 when he competed in go-karts in his native Monterrey, Mexico. He won the national championship in 2007 and received an invitation to compete in the Rotax World Championship. In 2008, he joined the mini-stock division – an official support series of the NASCAR PEAK Mexico Series.

At CommScope we push the boundaries of communications technology to create the world's most advanced networks. Across the globe, our people and solutions are redefining connectivity, solving today's challenges and driving the innovation that will meet the needs of what's next.
